

Humber is pleased to provide information about the upcoming continuing education event! Please be advised that for tracking purposes we need each participant to purchase their own ticket (last year multiple tickets were purchased by the same person and it made it difficult to know who was on the webinar). Also, you will only be able to register for the event up until December 2, 2019. If you do not purchase your ticket for the event by the end of the day on December 2nd we will not be able to give you access to the event.

As with every year, we will host an in-class event for those who prefer to participate in person and a webinar for those who cannot be on campus. It is our plan to record the event and have it available afterward for any of you who get pulled away and miss some or cannot participate in the live event.

The links to the Eventbrite sites are below:

In-class:
