

Compliance Self-Evaluation Checklist for Cemetery Operators Who do not Accept Prepaid Monies

The Bereavement Authority of Ontario (BAO) compliance team performs inspections of licensed operators' premises and books and records, to ensure compliance with the *Funeral, Burial and Cremation Services Act, 2002* ("the Act") and the regulations established under the Act. To help operators assess their own compliance, the BAO has created this Compliance Self-Evaluation Checklist, which covers the key elements that a BAO inspector reviews during an inspection.

This checklist is the same as the "Compliance Self-Evaluation Checklist for Cemetery Operators," except that all the requirements in relation to prepaid funds have been redacted, to make the checklist shorter for cemetery operators who do not accept prepaid funds. Prepaid services and supplies are not to be confused with interment and scattering right sales, which are an "at-need" sale.

We encourage you to use this checklist prior to an announced inspection and at regular intervals, to help ensure that your business is operating in compliance with the Act and regulations. If you have any questions, please do not hesitate to contact a member of the BAO compliance team for support. We are here to help!

The Act and regulations are available online through the BAO's website at www.thebao.ca or Ontario e-laws at www.ontario.ca/laws. Throughout this checklist, references to the Act and regulations will be made using the following abbreviations:

- Funeral, Burial and Cremation Service Act, 2002: "FBCSA"
- Ontario Regulation 30/11 (General): "Reg. 30"
- Ontario Regulation 184/12 (Care and Maintenance Exemptions and Miscellaneous Charges): "Reg. 184"
- Ontario Regulation 306/16 (Code of Ethics): "Reg. 306"
